Phase 2 (all interviews)	Phase 3 base (31-36)

VERIFICATION REQUIREMENTS

No single source proves anything.

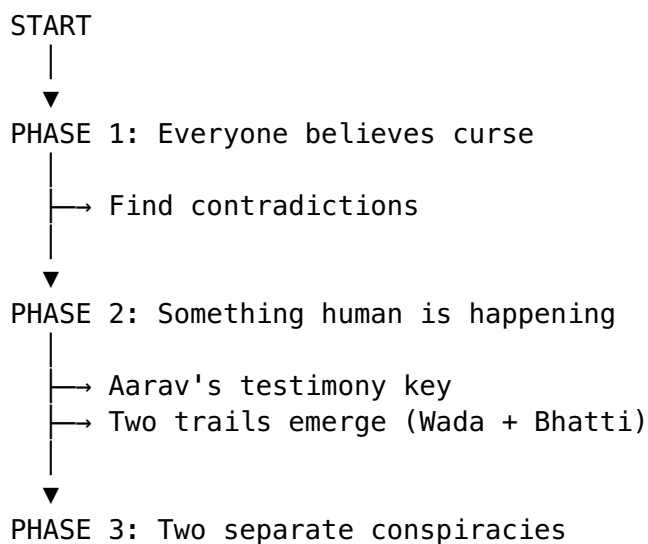

To Prove T2-T3 Killer (Madhav):

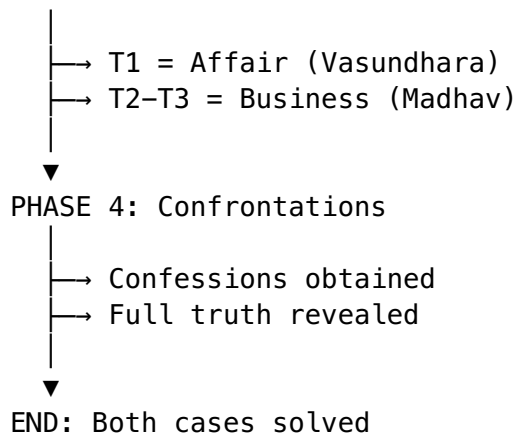

Must have: - Aarav's testimony (saw two figures) - Dinesh's corroboration (night sightings) - Sunita's evidence (overheard conversation) - Physical evidence (medical waste residue/ash, truck tracks)

To Prove T1 Killer (Vasundhara/Raghoba):

Must have: - Deed confirmation (Sarla + Kalyani + Talathi) - Raghoba's behavior (Kisan + Haribhau observations) - Circumstantial evidence (came back wet, paid next day) - Raghoba's confession

PLAYER JOURNEY MAP

FAILURE STATES (For Design Reference)

Players Cannot Fail (one true ending), but they can get stuck:

Common Stuck Points:

1. **Assuming one killer** - Won't find connection between T1 and T2-T3 evidence
2. **Trusting authority** - Constable's reports are wrong
3. **Dismissing Aarav** - His testimony is key, even if "crazy"
4. **Missing payment pattern** - Connects Raut guilt money to larger story
5. **Not interviewing servants** - Haribhau/Kisan have crucial observations

Hints System (if implemented):

- After X time stuck, Leena/Arjun can "suggest" a direction
- "Maybe we should talk to the servants at Wada"
- "Aarav's description doesn't match young girls"
- "These payment records seem odd"
